

# We would like invite you.

Do you want to be on an Advisory Board?

We need 2 people

The Disability Services Commissioner is going to do a project about preventing abuse

They want to talk to people involved in the project about what to do when people are being treated

- badly or
- in an unkind way

We believe everybody should feel okay to speak up and be heard

When we say everybody it includes people who live or work at a service, and those visiting a service. It could be

- people with disability
- families and carers
- friends
- advocates
- community visitors
- staff

We need your advice and ideas throughout the project.

There will be about ten people on the advisory group.

You will be asked to come to a workshop on Inclusive Meeting Processes run by VATT so others can meet you.
